23 November 2009

Dear Miss Berbar

Please find enclosed your report outlining your patient feedback from the Out-of-Hours Quality in Care Questionnaire. Data for this survey was collated in September 2009. 30 patient questionnaires were sent out and 25 completed questionnaires were returned giving a response rate of 83.33%.

The results have been illustrated in tables and graphs with associated benchmarks where applicable. Supporting documents have been included to help you with the interpretation and understanding of your results.

I hope that this report provides you with useful feedback about your services. Please contact Matthew Taylor on 01392 252740 or matthew.taylor@cfep.co.uk if you require further information about your results.

Yours sincerely

A handwritten signature in black ink, appearing to read "Helen Powell".

Score explanation	11
Explanation of quartiles	11
Sample questionnaire	12-13

Question Q1a Please tick which type of service you received most recently from your Out-of-Hours' provider.

Table 1: Number and percentage of responses

	Number of responses	% total of responses
Telephone advice	10	40%
Treatment centre (phoning the service)	9	36%
Treatment centre (without phoning the service)	1	4%
Home visit	5	20%
Blank	0	0%

% total of responses may not equal 100 due to rounding

Question Q1b Were you satisfied with the service you were directed to?

Table 2: Number and percentage of responses

	Number of responses	% total of responses
Yes, I was satisfied	16	64%
No, should have had telephone advice	6	24%
No, should have had home visit	2	8%
No, should have been seen at treatment centre	1	4%
Blank	0	0%

% total of responses may not equal 100 due to rounding

Table 3: Number of responses by service type (from Q1a)

	Home visit	Telephone advice	Treatment Centre
Yes, I was satisfied	5	7	4
No, should have had home visit	0	1	1
No, should have had telephone advice	0	1	5
No, should have been seen at treatment centre	0	1	0

Blank = Patients that did not specify the service type received in Q1a

OOH Quality in Care

Patient responses: 25

Score Explanation

Each individual score for the evaluation questions is expressed as an average (mean) for all patients who completed the question. They are expressed as a percentage of the maximum possible score, so the best possible score in each case is 100%. *Not specified responses (*items left blank*) are not used in the score calculations.

All questions follow a five point rating scale ranging from 0% to 100%.

	Poor	Fair	Good	Very Good	Excellent	Blank
Percentage Score (%)	0	25	50	75	100	n/a

See example below from question Q2a

Number of Patients Surveyed:25

Questions	Rating					
	Poor	Fair	Good	Very Good	Excellent	Blank
Q2a Call answering time	3	3	7	4	4	4

$$(3 \times 0) + (3 \times 25) + (7 \times 50) + (4 \times 75) + (4 \times 100)$$

$$25 - 4$$

=54% mean percentage score

Explanation of Quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25%.

	Your mean score (%)
Q2a Call answering time	54

National means and quartiles (%)					
National mean	Min	Lower quartile	Median	Upper quartile	Max
66	49	64	65	67	79

Based on our most current national benchmarks, your mean score of 54% falls between the Minimum and the lower quartile which is the lowest 25% of all means

4 About the overall help you received, from one or more health professionals. *Important: this is about your most recent contact and includes telephone advice as well as consultations at a treatment centre or home visits.*

**Sample only
Not to be copied**

! The following questions about the patient provide us with general information about the range of people who have used this service

5 Are you?

Male Female

6 How old are you in years?

Under 16 16-24 25-59 60 or over

7 Which ethnic group do you belong to?

White Black or Black British Asian or Asian British
 Mixed Chinese Other ethnic group

The service would appreciate any comments you would like to add about your experience. Please write these on an **additional piece of paper** and return them to us with this questionnaire in the envelope provided. This feedback will be forwarded directly onto the provider. **Please only write your name on it if you wish to be identified.**

Thank you for your time and assistance
